Having chips carved out for all these years, I decided to use my teaching experience to help others learn how to do this amazing craft. I started making rudimentary videos using my webcam. Since then the trip has been exciting. I've been able to teach 1000 people to carve out the chip carpet. I still stick to what I said from the start. I can teach anyone to carve a chip. Along the way I have met so many interesting and appreciative people. Welcome to My Chip Carving! Christian HummulChristian Hummul has a long history as a woodcarving suppy shop.
